

Beard Oil

Beard Oil by Da Lua Herbals: Caring formula for a softer, fuller & thicker beard

Beard care restorative formula and lightweight **conditioning** oil with a woody fragrance. A deeply **nourishing** beard treatment, tames and restores damaged beard, prevents breakage and stimulates beard **growth**. Restoring radiance, **softness** and health with a natural serum.

The castor oil supports beard growth, rosemary tones, and horsetail remineralises the hair, strengthening it and preventing breakage. Chamomile and essential oils give a woody touch for radiance and softness.

Ingredients

Organic rosemary, horsetail, and chamomile macerated in extra virgin olive oil, castor oil and sweet almond oil. With cedarwood, patchouli, frankincense & petitgrain essential oils, and vitamin E.

Dosage & Use

Shake well before each use, to combine the mixture and get a homogenous blend. For external use.

For optimal results, apply as a leave-in oil on damp hair and thoroughly massage the beard to spread evenly.
