

Fertility Tincture

Da Lua Herbals' Fertility Tincture is a powerful blend of 14 herbs that contribute to women's fertility.

This herbal tincture promotes a **healthy cycle**, prepares the body for **conception**, boosts **libido**, and is full of **nutrients!** This extract is a gentle, yet effective tincture to support the body through your fertility journey and your hormonal fluctuations. It prepares the body for pregnancy **naturally and safely** without medications.

Tip: For optimal results, combine the Fertility Tincture with monthly **Yoni steams** for a deeper cleanse of the womb space.

Ingredients

Organic white nettle, rosemary, horsetail, liquorice, mugwort, chamomile, uva ursi, angelica, cayenne pepper, echinacea, Mexican wild yam, ginseng, vitex, and damiana macerated in organic alcohol and solarised spring water.

Contraindications

Avoid in case of treatment with immunosuppressants or coagulants (blood thickeners). Avoid during pregnancy and when breastfeeding.

Dosage & Use

Suggested Use: Take 2-3 full droppers in the morning from menstruation to ovulation. Resume again with menstruation.

Shake well before use. Place drops in a glass of water/juice/tea or directly under the tongue. For internal use.
