

# Womb Detox Tincture

---

**Womb Love Tincture is Da Lua Herbals' detoxifying tincture to counter the side effects of the birth control pill.**

The **hormonal imprint** left by the birth control pill is strong and long-lasting, as it fosters a large increase in estrogen throughout the cycle, well above natural levels. Therefore, for women who have stopped taking the pill, it is highly recommended to do an **estrogen cure**, to remove the excess built up in the body over time.

This estrogen detox is highly beneficial even in women who have been off the pill for 10 or 20 years. It is also suitable for pre-pregnancy, as this tincture contributes to a **deep uterine cleansing** which is of great support to fertility.

Intake: This tincture is to be taken for 3 consecutive months, without stopping during menstruation.

Tip: For optimal results, combine the Womb Detox Tincture with monthly **Yoni steams** for a deeper cleanse of the womb space.

## Ingredients

---

Organic angelica, dandelion, lady's mantle, raspberry leaf, and rose macerated in organic alcohol and solarised spring water.

## Contraindications

---

Avoid during pregnancy and when breastfeeding.

## Dosage & Use

---

Week 1: 10 drops, 3x a day, with meals

Week 2: 20 drops, 3 times a day

Week 3: 20-30 drops, 3 times a day (maintain or increase according to the case: those who have taken the pill for many years can increase up to 30 drops)

Afterwards, continue with the maximum dose, without stopping during menstruation. Shake well before use. Place drops in a glass of water/juice/tea or directly under the tongue.
