

# Womb Love

---

## Tincture

Womb Love is made from a blend of adaptogenic medicinal plants, meaning they have a regulating effect on reproductive hormones, increasing or reducing levels to reach optimal balance. Supporting instead of fighting our natural flow.

Besides supporting hormonal balance, this tincture tones & cleanses the womb, and has anti-inflammatory properties. It also helps with PCOS, fibroids, cysts & endometriosis.

Tip: Womb Love makes a great combo with the **Detox tincture**, releasing excess toxins and hormones from the liver.
